

STEIGER DYNAMICS Demonstrates LEET Gaming HTPC at Gamescom Cologne with Nerdytec COUCHMASTER

LOS ANGELES, CA – STEIGER DYNAMICS, award-winning manufacturer of custom Gaming Home Theater PCs, will be demoing their LEET line of HTPCs at Gamescom (booth B014 / hall 08.1), Cologne, 21st through the 25th of August, 2013.

STEIGER DYNAMICS partners up with Nerdytec, fabricator of the COUCHMASTER, to display and demonstrate the ultimate living room PC gaming experience at Gamescom, Cologne. Visit us at booth B014 in hall 08.1.

The Gamescom in Cologne is one of Europe's largest gaming conventions. This year's theme and focus is the "next generation of gaming". The central theme illustrates that digital games and the ways which consumers experience them are currently undergoing an extensive process of change. The main objective of this process of change is to impress the consumers with unique experiences and more intensive gaming fun. "2013 is going to be one of the strongest years for the Gamescom, both from the point of view of the consumers and from the perspective of the games industry." (Dr. Maximilian Schenk, BIU).

By demoing the LEET at Gamescom in conjunction with Nerdytec, STEIGER DYNAMICS will demonstrate to consumers ultimate PC gaming from the comfort of a couch. "We are absolutely thrilled to display our product with Nerdytec's COUCHMASTER at Gamescom, Cologne," said Martin Hehensteiger, CEO of STEIGER DYNAMICS.

“This is one of our favorite events, and we are very excited for the opportunity to demonstrate to users the absolutely incredible experience that living room PC gaming is.”
